

Temporary Easement Form

Project: Residential Demolition Assistance Program

Subject: Right of Entry and Destructive Asbestos Testing

Parcels Affected:

The City of Dalton and its contractors and equipment have permission to enter the above referenced parcel for the limited purpose of performing destructive asbestos testing inside of all buildings and outbuildings, as required, for the purpose of determining if hazardous materials are present and need to be abated.

Upon completion of the purpose above, this area will be left in an 'as is' state following the destructive asbestos testing.

This document in no way transfers title or ownership of the property. This easement shall expire upon full completion of the project.
