**Specification**  
**Model Year - 2025 or newer**  
**4X4 Half Ton Crew Cab Pickup**

**APPLICABLE DOCUMENTS:**Reference to publications in the detail on specifications shall apply to those issues in effect on the date of invitation to bid, unless otherwise specified.

**DESIGN:** New models in current production, complete with all necessary operating components and accessories customarily furnished, together with such modifications as may be necessary to enable the vehicle to function reliably and efficiently in sustained operation. Design to permit accessibility for maintenance purposes with minimal disturbance of other components or assemblies. The term “heavy duty” as used to describe an item, shall be defined to mean in excess of the usual performance, quantity, quality or capacity that is normally supplied with the standard production item.

**COMPONENTS, ASSEMBLIES, AND ACCESSORIES:** The vehicle, shall have all of its components, assemblies and accessories installed and shall be delivered to The Dalton Fire Department meeting or exceeding all applicable requirements of the Environmental Protection Agency Regulations, Federal Motor Vehicle Safety Standards, Federal Motor Carrier Safety Regulation and Industry Specifications, Standards and Regulation that are in effect on the date of manufacture.

**NOTE:** All Components, assemblies, and accessories shall be factory installed unless otherwise noted.

**EMISSION CONTROLS:** All vehicles shall comply with Environmental Protection Agency requirements on Air Pollution.

**INTERIOR & EXTERIOR SOUND LEVEL:** Vehicles shall comply with Federal Interstate Noise Standards.

**COOLING SYSTEMS:** Liquid pressurized forced circulation type, consisting of the necessary components of such design and capacity to maintain the engine at optimum safe temperature under all operating conditions without any loss of coolant. Optimum engine temperatures shall be maintained with the vehicle loaded and continuously operating at all drivable altitudes and grades in ambient temperatures ranging from minus 30 to 120 degrees F. Thermostat controlled and suitable for operation with permanent type antifreeze solution. Easily accessible drain outlets shall be provided to allow complete cooling system drainage. Coolant recovery system to be furnished.

**WHEELS:** Manufactures recommended size and capacity for the vehicle offered. Rim contours and sizes shall conform to the current recommendations of the Tire and Rim Association, Inc.

**TIRES:** All tires furnished shall be black wall, tubeless type, and radial. Capacity to the maximum load imposed by the evenly and fully loaded vehicle. Conform to the Tire and Rim Association, Inc. Spare tire and wheel, factory installed, shall be furnished.

**EXHAUST SYSTEM:** Manufacturer’s Standard system available for engine **furnished. Corrosion resistant and securely fastened and routed to protect** components from hazards. System shall comply with Federal Motor Vehicle Safety Regulations.

**CONTROLS, INSTRUMENTS AND OPERATING MECHANISMS:** Located for left-hand drive; complete and conveniently accessible to driver. Instruments and controls clearly identified as to function.

**HEATER AND DEFROSTER:** Hot water heating systems with fresh air intakes.  
Discharge outlets **to floor and defroster louvers shall be provided.**  
Systems shall be equipped with multispeed blowers.

**MATERIALS:** New and of quality conforming to current engineering and manufacturing practice. **No defects and** suitable for the intended service.

**WARRANTY:** Vehicle shall be fully warranted against defective materials and workmanship by the manufacturer for a period of not less than 36 months or 36,000 miles from date of delivery and acceptance. However, if additional warranty coverage on the whole or any components of the vehicle, in the form of time and/or mileage including any pro rate arrangements, is normally extended to commercial customers, The Dalton Fire Department shall receive corresponding warranty benefits.

**RESPONSIBILITY FOR INSPECTION:** Unless otherwise specified in the contract or purchase order, the supplier shall be responsible for the performance of all inspection and test requirements necessary to ensure compliance with requirements of this and the applicable detail specifications. This action does not preclude subsequent inspection and testing by Dalton Fire Department to further determine conformance with specification requirements for performance, quality standards of workmanship, material and construction techniques.

**PRE-DELIVERY SERVICING AND ADJUSTMENT:** The dealer shall not attach any dealer identification, advertising or similar material to the vehicle. Prior to acceptance by Dalton Fire Department, the dealer shall service and adjust each vehicle for operational use, to include as a minimum, the following:

1. Focusing of lights.
2. Tuning of engine.
3. Adjustment of accessories.
4. Checking of electrical, braking and suspension system.
5. Charging of battery.
6. Alignment of front end.
7. Inflation of tires.
8. Balancing of all wheels, including the spare.
9. Complete servicing of engine, chassis and operating mechanisms with recommended grades of lubricants or fluids for the ambient air temperature at the point and time of delivery.
10. Servicing of cooling system with permanent type antifreeze and summer coolant for minus 20 degrees F. protection.
11. Servicing of windshield washer reservoir with water and appropriate additives.
12. A minimum of 1/4 tank of fuel.

**EXTERIOR FINISHES:** Oxford White

**Specification**  
**Model Year -2025 or newer**  
**4X4 Half Ton Crew Cab Pickup**

**DOCUMENTS:** Each vehicle shall be delivered with complete certification of origin, tag application, warranty, owner's manual and any other necessary credentials.

- A. **Scope:** This specification covers 4-Door Half Ton Crew Cab Pickup having excellent acceleration, speed, braking, and handling performance.
- B. **Vendor Information.** Vehicles shall be equipped with factory installed plus additional items listed below. Unless otherwise noted, vehicle shall be comparable with the following basic requirements. Bidders shall indicate EXACTLY what they are offering under "**BIDDER'S RESPONSE.**" **(Failure to respond will result in automatic rejection).**
